The Commissioner opened the call with an overview of the National Championship ballot, explaining that some teams throughout the country begin school late September or early October, leaving them with a 15-day season. To address this issue the CWPA is asking teams to vote on an alternate date for the National Championship that would extend their seasons.

Teams voted 7-2 to return to a geographic split as opposed to a split based on ability. They also voted 8-1 in favor of setting up one schedule regardless of the National Championship date.

Several teams offered to host including VA Tech, NC State, Maryland, and Navy. Johns Hopkins also stated they would check on availability. The championship was tentatively slated for Maryland on October 24-25. The other dates and sites will be determined when teams indicate their availability.

Hosts were reminded to complete the Pool Reservation Form, found under the Forms section on the website. Hotels will be reserved once these forms are submitted.

The Commissioner mentioned that all necessary forms for Team Leaders are found on the website under the Forms Tab. This includes the Participation Agreement that needs to be submitted by the Club Supervisor before June 1st. Likewise, Team Leaders need to turn in their Media Guide Info using the form on the website by the fall. Emails for players should be included so athletes can be notified when games within the division will be streamed.

All coaches were urged to complete an Evaluation Form about the officials following each of the competitions. This form is found under the Forms tab of the website.

Teams were encouraged to send in pictures or story leads to promote their programs and enhance the interest of the website. Likewise, Team Leaders should take advantage of the Player of the Week program and nominate athletes each week, whether the games are within the league or non-conference.

The Commissioner mentioned the streaming program will feature a play-by-play announcer this season to enhance the broadcast. Efforts will be made to stream every division at least once during the season.

A new fundraising program was outlined. The program permits teams to upload a design online to sell shirts. All work is performed by the online store and teams can make \$500 for selling 50 shirts.

The Commissioner mentioned the requirement for Team Leaders to review the Team Orientation webinars. The program consists of three webinars and can be accessed via the Membership Page. There is also an optional fundraising webinar that provides some great tips.

Teams are reminded to update their contact information using the link on the Membership page.
