**** Grinnell (14-11 W) and Iowa State (12-9 W) went 1-1 against each other with each team scoring 23 goals. Per league guidelines which state, "If the won/loss records of two teams are the same, the team that won in their head-to-head competition is the higher seed. If these teams each beat one another, the goal differential in their games is used to break the tie. If the goal differential in their contests against one another is the same, the total of goals scored against each other is used. If the total of goals scored between the teams is equal, the differential for all common opponents seeded higher is used. If no common opponents are seeded higher, the goal differential against the highest seeded common opponent is used," the goal differential against the only team seeded higher, Illinois State University is used to break the tie. Since Illinois State beat Iowa State 10-9 for a -1 goal differential, and Illinois State defeated Grinnell 12-8 for a -4 differential, Iowa State clinches the No. 2 seed.***
