The tournament is not seeded by ability, since there is no equitable means to determine the respective strength of the teams. Too few teams play outside of their division schedules to be able to create an accurate seeding. Match-ups are therefore based upon the 2014 National Collegiate Club Championship results by division. The host region receives two automatic bids, one of which is assumed by the division champion and the other by the host site or division runner-up (the 16th position). This ensures the tournament host is always a participant. Due to the creation of the Southwest Division, and the election of 2014 National Collegiate Club Championship runner-up San Diego State University to depart the Pacific Coast Division to join the Southwest, the No. 2 position moves with SDSU to the Southwest. As the Pacific Coast's position in the field is taken by the Southwest due to SDSU's departure, league rule states they take the No. 9 position. The No. 13 and 14 positions are awarded based on a random draw between the two divisions that tied for 13th in 2014. The No. 15 position is awarded to the Southeast Division due to the Great Plains Division being eliminated during the offseason.

Teams listed first wear dark caps and are home on the scoreboard. Host team always wears dark caps and is listed first on the scoreboard regardless of seed.
