The tournament is not seeded by ability, since there is no equitable means to determine the respective strength of the teams. Too few teams play outside of their division schedules to be able to create an accurate seeding. Match-ups are therefore based upon the 2010 National Collegiate Club Championship results by division. The Host region receives two automatic bids, one of which is assumed by the division champion and the other by the host site or division runner-up (the 16th position). This ensures the tournament host is always a participant.

The teams are seed based on a policy voted in during the 2008 Annual Meeting. The seeding rule states: *The top eight division winners will be seeded according to their division's finish the prior season. Places nine and ten will be reserved for the top two division runner-ups in order of their division's finish. The remaining places will be filled with the divisions according to their division's finish the prior season, with random draws used to break ties in placing.* The policy was amended prior to the 2011 women's season with the creation of the Rocky Mountain Division to reduce the number of runner-up positions to one.

Teams listed first wear dark caps and are home on the scoreboard. Host team always wears dark caps and is listed first on the scoreboard regardless of seed.
