*Per the CWPA tie-breaker rules in which the won/loss records of two teams are the same, the team that won in their head-to-head competition is the higher seed. Since both Washington & Western Washington finished 5-3, and the goal differential and total of goals scored against each other is the same (+5, 15-15), the

differential for all common opponents seeded higher is used. Since Oregon "A" and Oregon State are seed No. 1 and 2, Washington clinches the No. 3 seed due to having a -16 goal differential, versus a -18 by Western Washington. Since Washington played Oregon State twice, losing by three goals and winning by three goals, the average of the two games score (0) is used as the calculator versus Western Washington's four goal loss to Oregon State.
