

ROCKY MOUNTAIN DIVISION

Meeting held January 26, 2011

Attending: Dan Sharadin, Commissioner; Southern Utah University, Blair Bentley; Boise State University, Brandon Smith; University of Utah, Larry Jackson

The Commissioner asked everyone if they knew of any teams wishing to join. No one knew of any programs interested in joining this year, although Utah State was mentioned as a possibility for next year.

There was some question regarding Boise State's participation for the spring based on their ability to field a team. Since all of the other divisions were already scheduled and most were at a maximum amount of teams, it was felt that we needed to try and make the Rocky Mountain Division work. Therefore the Commissioner indicated an exception would be made to allow the division to have a single tournament championship for one year. Boise State indicated they would inform the league if they could field a team by Monday.

The schedule was determined to be as follows:

- April 16-17 TBD in Salt Lake City

The meeting was adjourned and the Commissioner will follow up once a final decision is made by Boise State
