

## Sierra Pacific Division

Meeting held April 3, 2013 9:00 PM

Attending: Dan Sharadin, Commissioner; California State Univ.-Maritime Academy, Adam Phillippe; Univ. of California-Berkeley, Peter Dietzen ; University of California-Santa Cruz, Ethan Pascual; San Jose State University, Jack Cohen

The league schedule was the next item on the agenda. Dates and locations were not able to be determined at this time since only Santa Cruz knew when their pool was be available. The Commissioner asked everyone to email him with available dates this week so he can follow up with a tentative schedule. If the National Championship is within driving distance, teams expressed interest in having their championship the first weekend in November.

Once pools were determined, hosts were reminded to complete the Pool Reservation Form, found under the Forms section on the website. Hotels will be reserved once these forms are submitted.

The Commissioner mentioned that all necessary forms for Team Leaders are found on the website under the Forms Tab. This includes the Participation Agreement that needs to be submitted by the Club Supervisor before June 1st. Likewise, Team Leaders need to turn in their Media Guide Info using the form on the website by the fall. Emails for players should be included so athletes can be notified when games within the division will be streamed.

All coaches were urged to complete an Evaluation Form about the officials following each of the competitions. This form is found under the Forms tab of the website. If you are unsure of which referee you are evaluating, go to the officiating section and click on their picture for easy identification.

Teams were encouraged to send in pictures or story leads to promote their programs and enhance the interest of the website. Likewise, Team Leaders should take advantage of the Player of the Week program and nominate athletes each week, regardless of whether the games are within the CWPA league play or non-conference. Those selected receive awards.

The Commissioner discussed a new program that offers host sites the opportunity to stream games at their site. He mentioned that several clubs in the women's season had made hundreds of dollars. The office will send a streaming kit that includes a high definition camera, tripod, and other equipment to make the stream possible. Hosts must view an instructional webinar to qualify and should contact the office if interested.

Another new program mentioned outlined a team profile video. The CWPA wants every team to make a 3-5 minute video about their team (rated G) and send it to the office, where we will post the video link on the website, imbedded in the Team Contact section. The club with the best video will receive an award.

The Commissioner also mentioned the requirement for Team Leaders to review the Team Orientation webinars. The program consists of three webinars and can be accessed via the Membership Page. There is also an optional fundraising webinar that provides some great tips.

Teams are also reminded to update their contact information using the link on the Membership page.

Meeting concluded with a discussion about expanding the national championship to 24 teams and shortening the pool size to 25 yards in order to keep the same number of days. Most teams on the call were opposed to shortening the course. An official survey will be issued later.
