

**Southwest Division**  
**Meeting held Tuesday, April 10, 2018 at 9:00PM EDT**

Attending: Tom Tracey, Assistant Commissioner; Univ. of Arizona, Jon Miller and Terence McGaughey; Univ. of California-Irvine, Joshua Silva; Univ. of California-San Diego, Jackson Ziegler; San Diego State University, Kyle Hicks; California State University-Northridge, Josh Helem, Kirsten LeDuc and Grant Crongeyer (5 of 7 schools)

The call began with a discussion about the new league website that was launched at the start of the 2017 Fall Season. The Assistant Commissioner noted several key reasons for the change including: mobile friendly site, member programs ability to have interactive control over their team profiles and the league office's ability to make updates and changes. The Assistant Commissioner asked the leaders to contact the office if they have any suggestions that they felt would enhance the site. Leaders were also reminded to update their team profiles and to contact the office if they do not have their school's login information.

Following the roll call, teams were asked if anyone knew of any new programs interested in joining or if any team had interest in entering a "B" Squad which receives a reduction in league dues as voted by membership during the summer of 2016. While league dues have not been determined for the 2018-19 School Year, teams were reminded the previous year's dues were \$2750 for the first team and \$1930 for the second team entered from the same university. No one was aware of any new teams and no one was interested in entering a "B" Squad at this time.

The first item on the agenda was to determine what teams were interested in hosting the 2018 National Collegiate Club Championship May 9-11 as the Southwest Division was next in line. The Assistant Commissioner explained the New York Division (Army) passed on hosting which is why it moved to the Southwest. If the Southwest declines it would go to the Mid Atlantic Division. Teams were reminded the host receives an automatic bid to nationals and, since the reigning champion came from the Southwest Division, the host would likely be given the 15<sup>th</sup> Position in accordance to the league rule where two teams from the same division cannot meet in the first round. The University of Arizona was the only team on the call to express interest. The Assistant Commissioner stated he will reach out to both ASU and University of San Diego to confirm they do not have interest. If this is the case, the league office will begin working with Arizona to confirm their ability to host.

The second item on the agenda focused on the division format, conflict dates and interest in hosting. The Assistant Commissioner explained the current division format as two regional weekends and a championship where all teams play each other twice. Sites rotated to each of the three regions within the division and teams play only two games per day when possible. Teams play everyone once within the division and additional games are selected at random. Teams were asked if they preferred to stay with the same format or if anyone would like to suggest an alternative. The Assistant Commissioner offered a second option which would still consist of eight (8) regular season games in addition to the championship. The only difference is only the second game will count towards regular season standing when a team plays another team twice during the regular season. This was discussed due to an interest in fairness when drawing the random selection of the additional games. Teams voted 3-2 in favor of only counting six (6) games towards the regular season standings as described above.

The next item was the 2018 Division Schedule. Teams were reminded that the Southwest Division was next in rotation to host the Men's National Collegiate Club Championship (November 9-11, 2018) and that the University of Arizona (Tucson, AZ) was currently reviewing their option to bid. Next in rotation to host nationals is the Mid Atlantic Division. All teams were asked if they were interested in hosting. San

Diego State, Arizona and UC San Diego expressed interest. The Assistant Commissioner will reach out to ASU and Univ. of San Diego to find out if they were since they were not represented on the call.

Teams decided to create the following tentative schedule depending on pool availability:

October 6-7	ASU (Backup Arizona)
October 20-21	San Diego State
November 3-4	Championship at UC San Diego (Backup 10/27-28)

Both UC Irvine and Cal State Northridge declined their opportunity to host but asked their weekend be hosted in the San Diego region. All teams agreed as two teams from that area expressed interest to host. Teams decided unanimously on the above dates with the exception that the division championship date be shifted to October 27-28 if the Southwest Division cannot host nationals and it moves to the next division. This was taking in consideration additional time for the division champion to determine travel plans to national. The Assistant Commissioner will reach out to the potential hosts by May 15<sup>th</sup> to receive an update.

Once a site is confirmed, hosts were reminded to complete the Pool Reservation Form found under the Forms section on the website once their date is confirmed. Team Leadership will be contacted by the office at least one week prior to their event to ensure they received the host package and are prepared for the weekend. Hotels will be reserved once the host sites are confirmed and pool reservation form submitted.

Before moving any further in the call, teams were asked if they had any questions or new business to discuss so that we do not run out of time at the end of the call. Arizona requested having earlier Sunday games when playing in San Diego as they had the furthest travel. The Assistant Commissioner stated this could be done but it would likely reduce their rest time which Arizona agreed. No team disagreed but all other teams expressed they preferred still playing only two games per day.

The call concluded with the Assistant Commissioner running through a series of updates from the league office as well as a reminder that all [CWPA League Policies](#) are posted on the website under Membership. Specific policies discussed on the call were student-athlete eligibility requirements, teams must be recognized by their institution, the differences and penalties for "No Contest vs. Forfeit", and the definition between a "Varsity vs. Club" Student-Athlete. Any team may appeal the eligibility policy to the Club Governance Council comprised of three (3) current student-athletes and two (2) club administrators. The Assistant Commissioner acts as the liaison for the council and all appeals can be submitted directly to [tracey@collegiatewaterpolo.org](mailto:tracey@collegiatewaterpolo.org).

Additionally, leadership was reminded that all necessary team forms are found on the website under the Forms Tab. This includes the [Participation Agreement](#) that needs to be submitted by the Club Supervisor no later than June 1st for the Men's Season. After the form is submitted, teams have until September 1<sup>st</sup> to make any adjustments or remove themselves from the league without penalty.

Teams were encouraged to send story ideas to [Ed Haas](#), Director of Communications, to promote their programs and enhance their exposure on the website. Likewise, Team Leaders should take advantage of the Player of the Week program and nominate athletes each week, regardless of whether the games are within the CWPA league play or non-conference. Additionally, the website now has a social media aspect that we would love to see teams take advantage sending photos from their tournaments as well as other great experiences they have as a team.

The Assistant Commissioner pointed out [Jon Weaver](#), Director of Multimedia, continues to do exciting updates with the streaming program and featured game of the week. To ensure we can highlight games from every division, host sites are strongly urged to work with the multimedia department to stream at their facility. Additionally, the multimedia department is developing several video libraries to directly benefit our members and officials. As the CWPA is a non-profit, all educational material will be available for free on the website. We encourage teams, players and coaches to take full advantage.

The Assistant Commissioner explained the recently launched Ambassador's Program with a focus on an Alumni Initiative. Teams will be asked to give a few minutes during a league weekend to talk with one of the league ambassadors about how they can stay involved after graduation whether as a coach, official, mentor or donor. The Assistant Commissioner also launched into the newly revised CWPA Mentoring Program and discussed how the office felt this would help reduce the attrition and hopefully promote additional growth. Teams were asked to provide the office with any names of current alum that were team leaders in the past and that they felt would be great mentors for either a new team or struggling program.

Current team leaders were reminded about the Team Leader Orientation Program requiring each school to review four short webinars. The team representative reviewing the webinar will need to take a short test at the conclusion to ensure it is recorded that their team had completed the requirements. Teams should also encourage younger members of their team to be involved in a leadership role to help secure a smoother transition over the years.

Finally, teams were once again reminded the importance of reviewing and updating their [Team Contact Information](#) using the link on the Membership page. Additionally, all potential hosts were reminded to follow up on their ability to host on the selected dates by June 1<sup>st</sup>.

All team leaders were thanked for taking the time to be on the call to represent their program.
