

Sierra Pacific Division
Meeting held April 19, 2018 10:00PM EDT (7:00PM PDT)

Attending: Tom Tracey, Assistant Commissioner; Univ. of California-Berkeley, Thomas Lane and Stephen Ambrose; University of California-Santa Cruz, Leo Neat and Mathieu Turk; San Jose State University, Federico Rojas and Adam Sancak; Stanford University, Sam LisBonne; Univ. of California-Davis, Harrison Brown (5 of 8 schools)

The call began with a discussion about the new league website that was launched at the start of the 2017 Fall Season. The Assistant Commissioner noted several key reasons for the change including: mobile friendly site, member programs ability to have interactive control over their team profiles and the league office's ability to make updates and changes. The Assistant Commissioner asked the leaders to contact the office if they have any suggestions that they felt would enhance the site. Leaders were also reminded to update their team profiles and to contact the office if they do not have their school's login information.

Following the roll call, teams were asked if anyone knew of any new programs interested in joining or if any team had interest in entering a "B" Squad which receives a reduction in league dues as voted by membership during the summer of 2016. While league dues have not been determined for the 2018-19 School Year, teams were reminded the previous year's dues were \$2750 for the first team and \$1930 for the second team entered from the same university. Davis planned to enter a "B" Squad again while no other team expressed interest. Potential new teams include: Fresno State University and Cal State Monterey Bay (UC Santa Cruz will pass along contact information).

The first item on the agenda focused on the division format, conflict dates and interest in hosting. The Assistant Commissioner explained the current division format as a single round-robin over the course of two regional weekends and a championship where all teams attend. Assistant Commissioner asked if teams would like to consider anything different but schools preferred staying with the current format with the only exception being the selection of games would be random if the number of teams in the division goes above nine squads (UC Davis "A" & "B" would not play each other). All teams were asked if they were interested in hosting. UC Santa Cruz and Davis expressed interest. The Assistant Commissioner will follow up with California State Univ.-Maritime Academy to see if they can host.

The next item was the 2018 Division Schedule. Teams were reminded that the Southwest Division was next in rotation to host the Men's National Collegiate Club Championship (November 9-11, 2018) and that the University of Arizona (Tucson, AZ) was currently reviewing their option to bid. Next in rotation to host nationals is the Mid Atlantic Division. Additionally, the Men's Division III National Collegiate Club Championship is tentatively scheduled for October 27-28, 2018 and hosted in the Colonial Division (Host TBD).

Teams decided to create the following tentative schedule depending on pool availability:

September 29-30	Cal Maritime or UC Davis
October 13-14	Santa Cruz or UC Davis
October 27-28	Santa Cruz or UC Davis (Championship)

The Assistant Commissioner explained that the final locations will be based on when UC Davis can host to work with the school's varsity schedule. The league office requested potential hosts to follow up by May 15th with the hope those sites can be confirmed by June 1st. *(Please Note: UC Davis updated the office that they can potentially host Oct. 27-28 as the only date and hopes to have a definitive answer by June 30th. Additionally, Santa Cruz is looking into hosting both Oct. 13-14 and Oct. 27-28 if needed).*

Once sites are confirmed, hosts were reminded to complete the Pool Reservation Form found under the Forms section on the website once their date is confirmed. Team Leadership will be contacted by the office at least one week prior to their event to ensure they received the host package and are prepared for the weekend. Hotels will be reserved once the host sites are confirmed and pool reservation form submitted.

Before moving any further in the call, teams were asked if they had any questions or new business to discuss so that we do not run out of time at the end of the call. Stanford asked about the Collegiate Club All-America Team. The Assistant Commissioner said someone from the league office will follow up but the All-America Team is typically released in January for the Men's Clubs and the Scholar-Athlete Team in February (*Update: current lists can be found by clicking on [Men's Club All-America Team](#) and on the [Men's Club Scholar-Athlete Team](#). If you don't see your team, and you know you should be listed, please contact the office at office@collegiatewaterpolo.org*).

The call concluded with the Assistant Commissioner running through a series of updates from the league office as well as a reminder that all [CWPA League Policies](#) are posted on the website under Membership. Specific policies discussed on the call were student-athlete eligibility requirements, teams must be recognized by their institution, the differences and penalties for "No Contest vs. Forfeit", and the definition between a "Varsity vs. Club" Student-Athlete. Any team may appeal the eligibility policy to the Club Governance Council comprised of three (3) current student-athletes and two (2) club administrators. The Assistant Commissioner acts as the liaison for the council and all appeals can be submitted directly to tracey@collegiatewaterpolo.org.

Additionally, leadership was reminded that all necessary team forms are found on the website under the Forms Tab. This includes the [Participation Agreement](#) that needs to be submitted by the Club Supervisor no later than June 1st for the Men's Season. After the form is submitted, teams have until September 1st to make any adjustments or remove themselves from the league without penalty.

Teams were encouraged to send story ideas to [Ed Haas](#), Director of Communications, to promote their programs and enhance their exposure on the website. Likewise, Team Leaders should take advantage of the Player of the Week program and nominate athletes each week, regardless of whether the games are within the CWPA league play or non-conference. Additionally, the website now has a social media aspect that we would love to see teams take advantage sending photos from their tournaments as well as other great experiences they have as a team.

The Assistant Commissioner pointed out [Jon Weaver](#), Director of Multimedia, continues to do exciting updates with the streaming program and featured game of the week. To ensure we can highlight games from every division, host sites are strongly urged to work with the multimedia department to stream at their facility. Additionally, the multimedia department is developing several video libraries to directly benefit our members and officials. As the CWPA is a non-profit, all educational material will be available for free on the website. We encourage teams, players and coaches to take full advantage.

The Assistant Commissioner explained the recently launched Ambassador's Program with a focus on an Alumni Initiative. Teams will be asked to give a few minutes during a league weekend to talk with one of the league ambassadors about how they can stay involved after graduation whether as a coach, official, mentor or donor. The Assistant Commissioner also launched into the newly revised CWPA Mentoring Program and discussed how the office felt this would help reduce the attrition and hopefully promote additional growth. Teams were asked to provide the office with any names of current alum that were team leaders in the past and that they felt would be great mentors for either a new team or struggling program.

Current team leaders were reminded about the Team Leader Orientation Program requiring each school to review four short webinars. The team representative reviewing the webinar will need to take a short test at the conclusion to ensure it is recorded that their team had completed the requirements. Teams should also encourage younger members of their team to be involved in a leadership role to help secure a smoother transition over the years.

Finally, teams were once again reminded the importance of reviewing and updating their [Team Contact Information](#) using the link on the Membership page. Additionally, all potential hosts were reminded to follow up on their ability to host on the selected dates by June 1st.

All team leaders were thanked for taking the time to be on the call to represent their program.
