Topic: **Center Forward Play**

**Advantage Rule and application at CF**

**Progression Referees should go through**

**Natural goal or good scoring opportunity**

**Be Patient, if the defense commits a foul that prevents a probable goal- 5M appropriate**

**CF is working to create an advantage and is in danger of losing the ball- Ordinary Foul option**

**CF has a position of advantage and is it taken away by fouling- Exclusion Foul appropriate**

**CF commits an obvious foul to gain or maintain an advantage- Offensive Foul option**

**Questions to ask yourself**

**What is the Defense showing**

**What is the offense trying to accomplish**

**Communication with partner**

**Collaborate with your partner, be willing to trade-off areas when appropriate**

**Be in the best position to see the action and reaction of the player situation**

***Note: The first thing for the referee to consider is whether the opponent is holding the ball***

1. No foul if the ball is in hand and there is no striking or player safety issue.
