

New England Division

Meeting held Monday, October 22, 2018 3:00PM EDT

Attending: Tom Tracey, Assistant Commissioner; University of Massachusetts, Sam Silverman; Williams College, Majda Murati; Boston College, Caroline Cook and Rosie Rilly; Boston University, Maddie Thomas and Ryan Parsons (club supervisor); Dartmouth College, Maggie Flaherty and Hilda Friday; Middlebury College, Brian Goodwin; Northeastern University, Emma Viveiros; Wesleyan University, Fallon Konow and Devon Cooper (8 of 8 schools)

We began with a discussion regarding the availability of pools and the ability of teams to host in shallow/deep facilities. Ryan Parsons spoke on the subject from the perspective of Boston University's Administration who is seeing less and less opportunities to host on an annual basis. After the discussion, teams agreed they would be fine to have shallow/deep pools host if there were no all deep facilities available. Additionally, Boston College felt like they would be able to rotate with hosting every other year with Boston University starting in the 2019-20 school year once Boston College completes their new recreation facility in Summer of 2019. This would hopefully elevate some of the concerns of Boston University Administration as it relates to hosting every season.

Following the roll call, teams were asked if anyone knew of any new programs interested in joining or if any team had interest in entering a "B" Squad which receives a reduction in league dues as voted by membership during the summer of 2016. League dues have for the 2018-19 School Year will be \$2740 when entering one team. The dues for entering a second squad from the same school is \$1905. Both amounts have decreased from the previous year which has been the pattern the last few years.

There were no schools currently interested in adding a "B" Squad.

There were no schools mentioned for having possible interest in joining the league.

Additionally, it was noted that Middlebury is considering switching divisions to the North Atlantic depending on the dates selected. They are looking at both the level of competition and also the impact of not competing in the month of March has on their schedule. (Update: Middlebury has decided to stay in the New England Division).

The first item on the agenda focused on the division format, conflict dates and schools interest in hosting. Assistant Commissioner explained the current division format as two regional weekends and a championship where all teams play each other once and at least one opponent randomly selected for a second match (depending on the number of teams in the division). Assistant Commissioner asked if teams would like to consider anything different or if they preferred staying with this format. Teams agreed to stay with this format and also decided to count multiple games against one opponent as one match during the regular season where the winner will be determined by point differential between the combined matches. All teams were asked if they were interested in hosting. Boston University, Middlebury, Williams and Wesleyan expressed interest. Northeastern would make themselves available if need.

The next item was the 2019 Division Schedule. Teams were reminded that the Rocky Mountain Division was next in rotation to host the Women's National Collegiate Club Championship on the weekend of May 3-5, 2019. (Please Note: The Rocky Mountain schools considering hosting have declined and is now being offered to the Atlantic Division as next in line to host). The Assistant Commissioner noted that there were several divisions who had expressed interest in seeing the championship date rotate every other year between the first and second full weekends of May. This would avoid having the date fall constantly on the graduation weekend of the same schools. Several teams will be working together to write a proposal for the next calendar cycle.

The Assistant Commissioner also noted there will be a call on October 29th regarding the creation of a Division III Women's National Collegiate Club Championship that could potentially start this Spring depending the interest of teams. It is important for all Division III Teams interested to have representation on the call. The teams in the division were all interested.

After discussion of potential conflict dates, teams decided to create the following tentative schedule depending on pool availability:

February 23-24	Wesleyan (backup Dartmouth/Northeastern/UMass)
April 6-7	Boston University
April 13-14	Championship at Williams

All dates are considered tentative until confirmed based on pool availability.

UPDATES: Wesleyan is not able to host, and neither is Middlebury on February 22-23. Northeastern has been able to confirm their pool for that weekend. Boston University is able to host April 6-7. We have not yet received an update from Williams regarding the April 13-14 weekend. Based on this information, the schedule would be as follows:

February 23-24	Northeastern
April 6-7	Boston University
April 13-14	Champs – Williams/TBD

Potential hosts were asked to update the league office by November 1st regarding their ability to host. Once a site is confirmed, hosts were reminded to complete the Pool Reservation Form found under the Forms section on the website. Team Leadership will be contacted by the league office at least one week prior to their event to ensure they received the host package and understand their host responsibilities. The Assistant Commissioner will release an update to the division once he has heard back from each of the potential hosts.

Before moving any further in the call, teams were asked if they had any questions or new business to discuss so that we do not run out of time at the end of the call. Beyond the discussion regarding

The call concluded with the Assistant Commissioner running through a series of updates from the league office as well as a reminder that all [CWPA League Policies](#) are posted on the website under Membership. Specific policies discussed on the call were student-athlete eligibility requirements, teams must be recognized by their institution, the differences and penalties for "No Contest vs. Forfeit", and the definition between a "Varsity vs. Club" Student-Athlete. Any team may appeal the eligibility policy to the Club Governance Council comprised of three (3) current student-athletes and two (2) club administrators. The Assistant Commissioner acts as the liaison for the council and all appeals can be submitted directly to tracey@collegiatewaterpolo.org.

Additionally, leadership was reminded that all necessary team forms are found on the website under the Forms Tab. This includes the [Participation Agreement](#) that needs to be submitted by the Club Supervisor no later than December 15th for the Women's Season. After the form is submitted, teams have until January 15th to make any adjustments or remove themselves from the league without penalty.

Teams were encouraged to send story ideas to [Ed Haas](#), Director of Communications, to promote their programs and enhance their exposure on the website. Likewise, Team Leaders should take advantage of

the Player of the Week program and nominate athletes each week, regardless of whether the games are within the CWPA league play or non-conference. Additionally, the website now has a social media aspect that we would love to see teams take advantage sending photos from their tournaments as well as other great experiences they have as a team.

If teams weren't already aware, [Jon Weaver](#) serves as our Director of Multimedia and continues to do exciting updates with the streaming program and featured game of the week. The league was excited to announce that the CWPA has partnered with our main sponsor Kap7 to cover costs associated with the remote streaming program. This means all regular season and division championship streams for FREE for viewership!!! Individuals would still be required to have a login, but they would not be charged any fee for the regular season (Please note: Post-season championship events remain pay-per-view as these are multi-camera onsite productions that carry additional costs). Host sites are encouraged to consider doing the remote streaming program for their division to have the opportunity to be streamed during the regular season.

The multimedia department is also looking to partner with our clubs to get team footage to create video features during the women's season. Jon will create two video webinars on "what to shoot" and "how to shoot" if your team is interested in being featured. Additionally, the multimedia department continues developing the video library that directly benefits our membership and officials. As the CWPA is a non-profit, all educational material will be available for free on the website. We encourage teams, players and coaches to take full advantage.

The Assistant Commissioner finished by explaining how the league office is working to create new growth and development within the organization. One program highlighted was the Ambassador's Program with a focus on an Alumni Initiative. Upperclassmen will be asked to give a few minutes during a league weekend to talk with one of the league ambassador officials about how they can stay involved after graduation whether as a coach, official, mentor or donor. Alum Leadership who are interested can also get involved in the recently revised CWPA Mentoring Program designed to help reduce the attrition and stimulate growth. Teams were asked to provide the office with any names of alum that were strong role models with their program and could help mentor a new or struggling team.

Teams were reminded one more time the importance of reviewing and updating their [Team Contact Information](#) using the link on the Membership page.

All team leaders were thanked for taking the time to be on the call to represent their program.

Additional Note for Current Team Leadership: Remember you are responsible for completing the Team Leader Orientation Program that includes four short webinars. The team representatives reviewing the webinar will need to take a short test at the conclusion to ensure it is recorded that their team had completed the requirements. Teams should also encourage younger members of their team to be involved in a leadership role to help secure a smoother transition of leadership the following year.
