

2021 Men's Club Annual Meeting Minutes

Mid Atlantic B Division

Minutes, April 20, 2021

Attending: Daniel Sharadin, Commissioner; Rutgers, Milos Seskar; Saint Joseph's, Tyler Daniskas; Bloomsburg, Maggie Yannes, Branden Long, and Kelly Dauber

The conference call was held to discuss the upcoming season and determine sites and dates. Unfortunately, several teams were not represented so the schedule was unable to be completed. The Commissioner said the Minutes would be issued to the division members and an effort to secure a third weekend site would be made with those schools not on the call.

The tentative schedule was listed as:

9/25-26 Bloomsburg

Additional sites and dates TBD

The Commissioner explained about the new National Invite that would be open for teams. This year the winner of the division will qualify to play at a National Championship against teams of similar ability. This new championship will provide a post season opportunity to teams that traditionally will never be able to win their "A" division.

The Commissioner also discussed several other items of business. Forms for several items will need to be completed by Team Leaders prior to their deadlines. This includes pool reservation forms for those hosting. All teams are required to have their Club Supervisor complete the Participation Agreement before June 1st. All forms are available on the Forms tab located in the menu bar of the website.

The Commissioner mentioned a new benefit for Team Leaders. The CWPA has arranged for a new software called TeamSnap that will make the Team Leader's life easier to manage as they juggle administrative responsibilities with the club and trying to keep communication clear with team members. The CWPA will be providing webinars this summer to help everyone understand the benefits and how to use the software.

Teams were also reminded to keep their contact information up to date through the new platform. Those needing their login information can contact the office.
