

2021 Men's Club Annual Meeting Minutes

Northwest Division

Minutes, May 4, 2021

Attending: Daniel Sharadin, Commissioner; Boise State, Jack Jenkins; Western Washington , Benjamin Kinerk and Riley Duvall; Oregon, Grant Namyst; Washington, Truman Sulewski

The conference call opened with a discussion about the lack of competitive equity and how it harms the experience for teams with lopsided scores and multiple forfeits. To resolve this issue there needs to be a revision in the scheduling that increases the number of times similar programs compete against each other. With the division spanning such a large geographic footprint, merging with another division is not practical, so any effort along these lines will need to be made internally.

After some discussion the teams decided that the best format would be the Hybrid model where teams play each other on the first weekend. A schedule of games would then be constructed between the first and second weekend that pairs teams of comparable ability.

The Commissioner also explained about the new National Invite that would be open for teams in the lower half of the standings. This new championship will provide a post season opportunity to teams that traditionally will never be able to win their division.

The Commissioner stated he would send an excel form that teams will need to complete, listing what dates they are unavailable to compete, and which dates they can host. The deadline for the form to be returned is May 15, but the office understands teams may not be able to determine if they can host by that point in time. In this instance, teams should just indicate that on their form and notify the office when they get a date confirmed with their school.

Option 1 - Teams are divided into three groups: 1-3, 4-6, 7-10. Each group plays those in their group twice then the next closest group once, with the balance of the remaining games drawn sequentially.

Advantages-teams will play most of their games against opponents that are close in ability.

Disadvantages- teams will play their "B" teams

Team	Gm1	Gm2	Gm3	Gm4	Gm5	Gm6	Gm7	Gm8

Option 3 - Split into two brackets according to finish in the standings from prior year

Top five play double round robin in regular season followed by a championship

Bottom five play double round robin in regular season followed by a championship

Each championship winner moves on to their respective National Championship

The following year the worst team in the top five drops to the bottom bracket and the best team from the bottom moves to the top or they have the option to decline to move
