

New England Division

Minutes, December 10, 2024, 4:00 PM EST

Attending: Daniel Sharadin, Commissioner; Boston College, Elise Mullen; Boston University, Melisa Sakalas; University of Connecticut, Jack Bailek, Lianne Duran, and Jeremy Ryerson; Dartmouth College, Kaitlyn Schettler; University of Massachusetts, Sarah Winter; Northeastern University, Isabella Cenizal

The meeting opened with a discussion of the schedule. With the additional pool availability from Boston College and Boston University, teams decided not to split into more conferences.

Teams determined the schedule to be as follows:

- February 1-2 Boston University
- TBD TBD-possibly Williams or Wesleyan
- April 5-6 Boston College

The Commissioner reminded everyone hosting that they will need to submit Pool reservation forms. Since neither Williams nor Wesleyan were on the call, the second regular season weekend could not be confirmed.

Regarding the website, it continues to be the main vehicle by which the CWPA shares information. The Commissioner encouraged teams to provide the office with any interesting stories about their clubs. Likewise, to remember to nominate players of the week so we can help promote your program.

Financially, teams can help the funding by booking their hotels using our hotel partner, HotelEngine.com, which helps provide free rooms for the referees. More info will be sent at a later date.

Regarding staffing, the CWPA is currently looking for a Director of Multimedia and the hope is that one will be hired in time to coordinate the live streaming program.

For those taking over the leadership roles for their teams, the CWPA created two short webinars, found by clicking on the Membership tab and then on [Team Leader Orientation](#). Clubs should identify people to handle three roles including Player/Coach (or volunteer coach), Team Administrator, and Recruiter. Once identified, teams should list the names and contact info by updating their team page under the Membership link.

The meeting was adjourned without any new business.
