\*Brown University and Harvard University traded hosting responsibilities in 2022 and 2023 due to Harvard hosting the 2022 Harvard-Yale football game on the weekend of the 2022 Championship; #The Division III institutions elected to host the Division III Championship independent from the league(s); ^MIT informed the league office on June 21, 2023, of the institution's desire to decline hosting the NWPC Championship; !Brown replaces Harvard as the site of the 2025 NWPC Championship to prevent an institution from hosting twice in three years. The rotation for 2026 and into the future is under consideration of the institutions as of March 17, 2025, due to Harvard being unable to host in even-years (2026, 2028, 2030...) while hosting the Harvard-Yale University football game; %Mercyhurst University enters the championship rotation in 2027 and moves Navy, Fordham University and Bucknell University to 2028, 2029 and 2030.
